TAUPŌ DISTRICT COMMUNITY GRANTS SCHEME

Council has committed through its Long Term Plan to continue to support our communities in accordance with the Grants and Partnerships Policy 2015. Council welcomes applications from the Taupō District for the following functions;

Applications for Partnership Agreements

Community organisations and groups are invited to partner with Council to deliver key outcomes for the Taupō District Communities. Formerly known as Service Level Agreements, the new partnership agreement will be for three years.

These partnerships are for organisations and groups who require more than \$5,000 per annum to deliver key outcomes.

Further information on Partnership Agreements including the full criteria is available from our website www.taupo.govt.nz

Applications for Independent Distributors

Taupō District Council invites applications from organisations who are keen to distribute community grant funds on Council's behalf for the next three years through to 2020.

Separate from the Partnership Agreement described above, Council requires support to distribute community grant funds throughout the Taupō District for the following:

- Social Services,
- Sports,
- Arts, Culture and Heritage
- The Environment

Further information on the role of Independent Distributors and criteria is available from our website www.taupo.govt.nz

Interested parties for either a Partnership Agreement or to be an independent Distributor can make an online application at www.taupo.govt.nz. Applications must be completed no later than Friday July 6 2018 and late applications will not be considered by Council.
